

FEATURES:

- measures 3-3/16" wide x 1-3/4" high
- authentic Stickley design and manufacture
- heavy cast copper with dark antique finish
- 1-7/16" boring
- hammered texture on backplate
- 3/32" thick backplate
- 9/16" projection

APPLICATION:

Patterned from the original designs of Gustav and Leopold Stickley, this is the same cast copper hardware that has been re-issued by the original Stickley Furniture Company in Manlius, New York, for their Mission Oak Collection. In the spirit of the past, Stickley now offers these same classics for the home crafts person. These pulls duplicate the hand hammered texture of the originals and are finished to a warm, glowing patina.
