

**Tried & True Wood Finishes  
Material Safety Data Sheet  
Original Wood Finish  
Issue Date: January 1, 2011**

**SECTION 1**

**Trade name  
Product class  
HMIS Rating**

**PRODUCT INFORMATION**

**Tried & True Original Wood Finish  
Polymerized linseed oil  
Health - 0 Fire - 1 Reactivity - 0**

**SECTION 2**

**Oxidized linseed oil  
Beeswax**

**INGREDIENTS**

**C.A.S. numbers: proprietary. Exposure limit: none  
C.A.S. number: n/a. Exposure limit: none.**

**SECTION 3**

**Boiling point  
Volatile  
Evaporation rate  
Appearance  
Vapor density  
Specific gravity**

**PHYSICAL DATA**

**Greater than 200 F.  
0% by volume  
Non-volatile  
Clear amber fluid. Low odor.  
Non-volatile  
0.95 - 1.0**

**SECTION 4**

**Flammability class  
Flash point  
LEL  
Extinguishing media  
Special firefighting procedures**

**FIRE AND EXPLOSION DATA**

**3B  
Greater than 200 F.  
n/a  
Water, CO<sub>2</sub>, or foam  
None known, however, firefighters should wear self-contained breathing apparatus to prevent inhalation of smoke and vapors.  
Air oxidation of this material may cause it to spontaneously ignite. To avoid spontaneous combustion, soak soiled rags, spray booth filters, and over-spray wastes in water-filled metal containers.**

**Unusual fire & explosion hazard**

**SECTION 5**

**Prolonged contact with skin may cause dermatitis in some individuals. Ingestion of large quantities may cause nausea and sickness in some individuals.**

**HEALTH HAZARD DATA**

**EFFECTS OF OVEREXPOSURE**

**First Aid  
attention**

**Eyes: Flush with water for 15 minutes and get medical**

**Inhalation**

**Inhalation: Remove victim to fresh air. If difficulty noted in breathing get medical attention at once**

**Skin**

**Skin: Wash with warm water and soap.**

**Vapors may cause irritation of respiratory tract.**

**Eyes**

**Prolonged or repeated skin contact may cause irritation and dermatitis**

**Ingestion**

**Contact with eyes may cause burning and tearing.**

**Primary route(s) of entry**

**Get medical attention**

**Toxicological information**

**Skin contact**

**This product does not contain 0.1% or more of any substance listed as a carcinogen by NTP, IARC, or OSHA.**

**SECTION 6**

**Stability  
Incompatibility**

**REACTIVITY DATA**

**Stable  
Strong oxidizing agents**

**SECTION 7**

**SPILL OR LEAK PROCEDURES**

**If material is released or spilled**

**Ventilate area. Absorb with suitable absorbent material and place in a closed container. For large spills, dike area and pump into closed containers. Wear protective equipment during cleanup. Prevent this material from entering waterways**

**Waste disposal**

**At this time, this material or its containers would not be considered hazardous waste as defined under the federal RCRA regulations (40CFR261) if discarded. Care**

**should**

**be taken to ensure that this material or its containers**

**are**

**disposed of in an approved facility in accordance with current federal, state, and local regulations.**

**SUPPLEMENTAL INFORMATION**

**Regulatory information**

**Complies with FDA 21 CFR Sec. 175.300 as safe for food contact surfaces.**

**Not regulated under EPA Resource and Recovery Act 40**

**SUPPLEMENTAL INFORMATION**

**Regulatory information**

**Not regulated under Hazardous Material Transportation Act, Title 49.**

**SARA hazardous classification**

**This material is not categorized as defined by SARA Title Regulations (40 CFR 261)**

**SARA Section 313 listed**

**This material does not contain any substance which is subject to reporting requirements of 40 CFR 370**

**DOT proper shipping name**

**Not regulated by DOT**

**UN number**

**None**

**DOT hazard class**

**None**
