

## EXTENSION TABLE SLIDE (METAL)

29678-702

(See Chart for  
Individual Items #'s)

### FEATURES:

- metal slides for adding leaves in the center of dividing leg tables
- has 26" - 64-1/2" openings so you can put in two (2) to (5) 12" leaves
- set consists of two (2) units for each table, one left and one right
- units consist of 3-5 sections
- overall length of 20" and 36" in closed position
- made of 1/16" galvanized cold rolled steel
- sections are 13/16" wide and 2" and 2-1/2" high
- slide will not sag or bind and insure a level top and leaves

### APPLICATIONS:

This system is a smooth operating no sag or bind table slide that is designed for various sized dividing leg tables.

### SPECIFICATIONS:

### INSTALLATION:

General Information: Place table pins in table top sections (halves) and leaves before installing slides.

1. Determine the position of the slides on the underside of the dividing leg table.
2. Layout parallel lines on underside of closed table top (See Note: Fig. 8)
3. Check for 90° alignment of slide lines to table dividing line A. (See Fig. 8)
4. Determine left and right slide - with counterbored holes up. (See Fig. 5)
5. Position closed slide on parallel lines.
6. Center slides on (A) table dividing line.
7. Using a scratch-awl, mark position of anchor holes through shank holes in slide.
8. Place a 5/8" Pan Head screw into counterbored hole and check the length of the screw thread protruding. (Must not come through more than 9/16" on a 3/4" top.)
9. Install drill stop collar on drill - drill 1/8" anchor hole into underside of table top. Caution: Do not drill any deeper than 9/16" on a 3/4" table top.
10. Replace slides on lines - install #8 Pan Head screws through counterbored holes into the table top.
11. Turn table right side up and open and close the table.
12. Re-adjust and check the table when open, closed and when the leaves are in.
13. Tighten all screws.
14. Install 2-3 table top catches and levelers. Either D8610 or D5500. (See Fig. 9 & 10)

	Overall Length in closed pos.	Total # of sections	Maximum Opening	# of 12" Leaves	Slide Height
29678	20"	6	26"	2	2"
29686	20"	10	50"	4	2"
29694	36"	6	38"	3	2-1/2"
29702	36"	10	64"	5	2-1/2"
