

15A / 3 1/4 hp Fixed Base Router

TFBR001

Triton's heavy duty TFBR001 is a powerful 15A / 3 1/4 hp fixed-based 1/2" router with high-quality maintenance-free sealed ball bearings. It has 5-speed control, soft start, and constant speed under load electronics, making the TFBR001 perfect for routing, trimming, beading, edging and other demanding work.

Featuring soft-grip, vibration-reducing handles and a trigger handle with lock-on button, the user has total control over the cutter speed and movement on the bench, and when fitted to a table, the TFBR001 can easily handle a 3 1/2" diameter router bit.

HEAVY DUTY ROUTING

Powerful 15A / 3 1/4 hp motor with maintenance-free bearings

CONSTANT SPEED ELECTRONICS

5-speed with soft-start & constant speed under load

TOTAL CUTTER CONTROL
